This looks good, Jacquie- Ex. 5 AC/AWP/DP Is

# Ex. 5 AC/AWP/DP

Virginia.

This language is also going to appear on the broader PFOA page on the microsite that I'd circulated Monday night about the agency's enforcement actions at sites across the country, so I'd like to keep the language relatively simple.

Feel free to call me on my cell today to chat (I'm moving into a new office and don't have access to my desk number at the moment)- Ex. 6 Personal Privacy (PP)

John - I'm attaching my suggested edits to the webpage. Feel free to contact me to discuss. I'd also like the DuPont team to review these edits, and we have a team meeting tomorrow morning where we can discuss. Thanks-Jacquie

**Importance:** High

Jacquie & Roger-please see the attached versions (tracked changes and clean) of [the existing PFOA settlement page](#) to include info about the SDWA orders. Do you think we need to add additional language on the 2002 case in this narrative and on the broader PFOA page I circulated yesterday?

Please let me know if you have any further edits & please make those changes in the clean version.

Mark, you'll see that I'm not proposing any edits to the RCRA/TSCA settlement content other than to amend the initial subhead to distinguish between the two cases, delete the link in the body text (it's also an item in the resources box on the side) and update the page with your contact info.

Munsel and Leslie, attached are the three orders for the SDWA cases. We may not have fact sheets for all three cases, so if that's the case, I think we should just post the orders-we have a press release for the 2002 case, but it's a PDF and I know we're not supposed to post those.

Thanks,  
John
